

WORLD PAC AUTO PARTS

With an incredible selection in both range and depth, WORLD PAC reduced the dependency on the new Car Dealers for information and hard-to-find parts. The quality OE parts meet the demands for form, fit and function, leading to more efficient installations along with reduced comebacks. This results in better customer satisfaction and repeat business.

BENEFITS:

- Availability of all makes and models at your fingertips
- speedDIAL – This online catalog and order-fulfillment tool offers photo images and important details about brands and products, such as OEM and OES quality indicators
- Multiple same-day deliveries – Available in major metropolitan areas
- Overnight delivery for accounts located outside of the WORLD PAC local delivery areas
- Competitive pricing on OE parts and 20%-60% off a Dealer's price list
- Directly sourced from manufacturers with no middleman
- 40 years' experience as an industry-leading distributor of OEM products
- Access to knowledgeable Import Parts Specialists with an average of 15 years' experience in the import-aftermarket business
- 100% Wholesale – serving the repair facilities directly

INFORMATION AND ASSISTANCE:
